

## How Do I See God's heart?

1. How have my experiences in life effected my perception of God?
2. How could a person have a "correct theology" and still live as if God is impersonal?
3. What does it look like to approach god religiously as apposed to approaching Him personally?
4. If you had full control of your life, how would it be different today? What part would God be playing, the leading role or a supporting role?
5. As you see life, has God called you into a life of adventure and love or something else?
6. What does creation reveal about God's heart? The fact that God turned creation over to man, what does that reveal about God's heart toward us?
7. How do you understand the fall of man? The beginning? Merely a crime? A betrayal of love?
8. How do you visualize our rescue? (Colossians 1:13) Is it just a matter of fact? Did it involve action? Was there conflict?

9. Where are you headed now?
